# GOOD REASONS TO STUDY AT IUBH

## INTERNATIONALITY

---

With a key focus on internationality, IUBH study programmes provide students with the management tools and leadership skills required to succeed on the multicultural stage that is today's global market.

## PRACTICAL ORIENTATION

---

At IUBH, our highly experienced faculty guides you through the strategic framework of case studies, project work and internship placements that are an integral part of our bachelor's programmes. Our hands-on approach and extensive university-industry interface with the relevant business experts further underpin the learning process and enable you to implement newly learned skills "in the field".

## QUALITY AND REPUTATION

---

We attach great importance to the quality of our programmes. This is why we have not only introduced internal quality assurance procedures but have also gone through numerous external accreditation and certification processes. We were awarded the FIBAA Premium Seal five times for our study programmes and achieved top results in the current CHE ranking.

## LEARNING ENVIRONMENT

---

Small classes and study groups, and a low student-faculty ratio ensure an effective collaborative learning environment. All professors take a genuine interest in the progress and integration of international students. This approach encourages dialogue and a trust-based relationship between students and their professors and creates opportunities to bring forward new ideas. A convenient, yet relaxing setting in city centre, a library (on campus and/or online), and a range of housing and catering facilities on campus or in nearby areas help create a cohesive community that drives focus on studying – the perfect backdrop for inspirational learning.

## CAREER

---

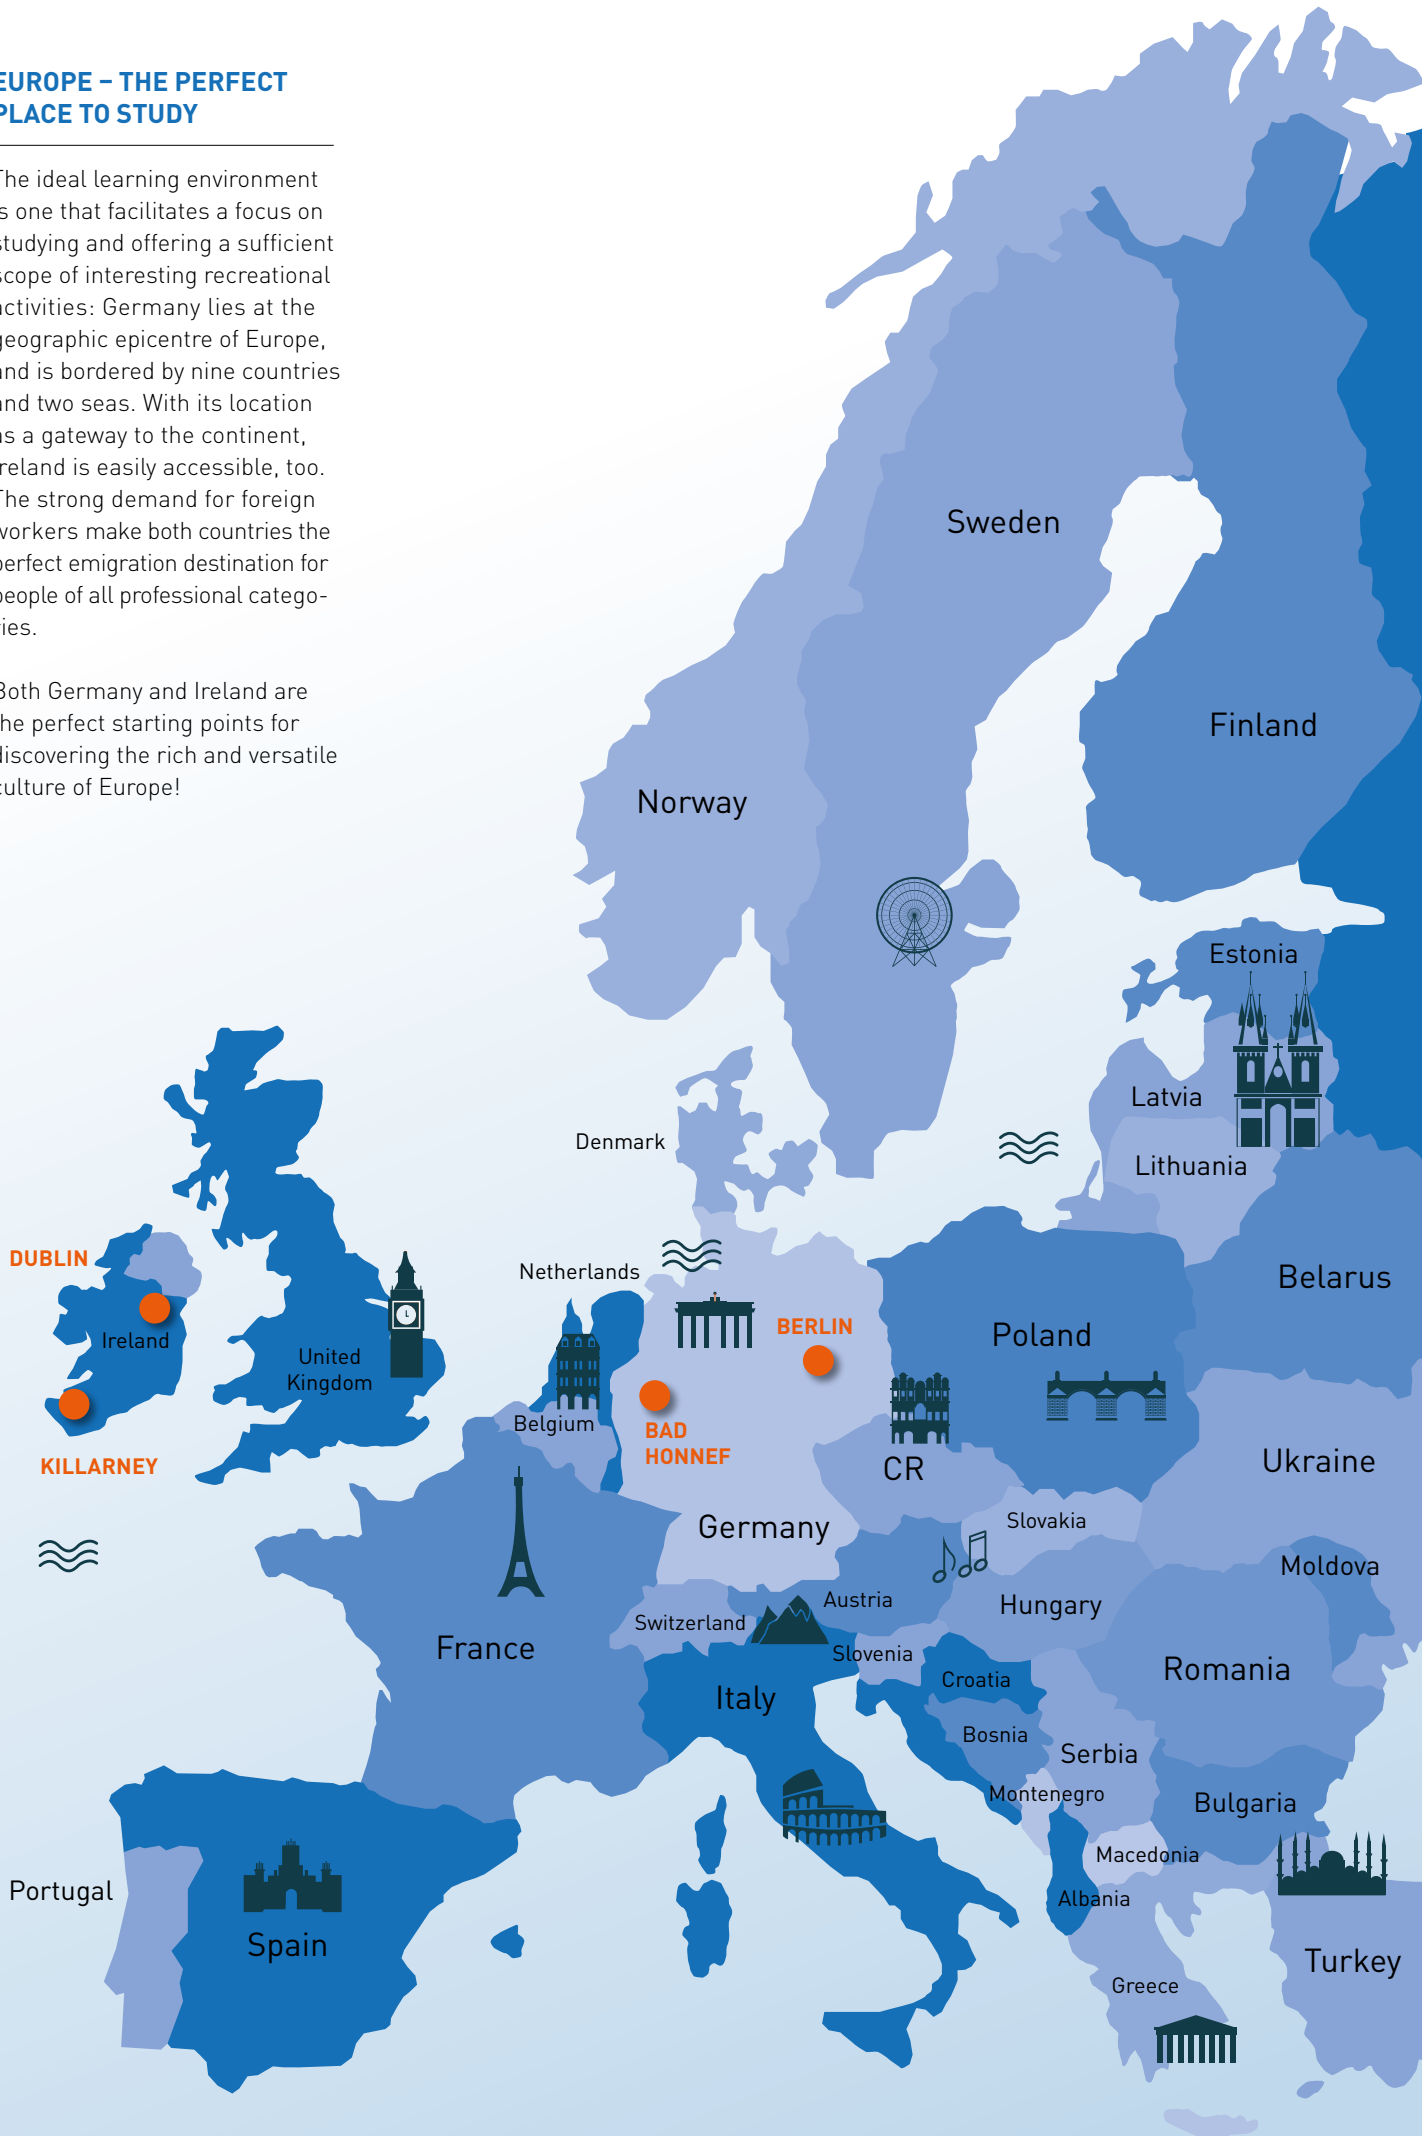

Our study programmes offer exposure to an extensive network of industry contacts for internships, job entry and careers. IUBH graduates are highly sought after by leading national and international companies looking for the right leadership and management skills. The figures speak for themselves: 87% of IUBH graduates have jobs within three months.

## EUROPE – THE PERFECT PLACE TO STUDY

The ideal learning environment is one that facilitates a focus on studying and offering a sufficient scope of interesting recreational activities: Germany lies at the geographic epicentre of Europe, and is bordered by nine countries and two seas. With its location as a gateway to the continent, Ireland is easily accessible, too. The strong demand for foreign workers make both countries the perfect emigration destination for people of all professional categories.

Both Germany and Ireland are the perfect starting points for discovering the rich and versatile culture of Europe!

## EXPLORING EUROPE

Despite a number of challenges ahead, the modern Europe is a great success story: The biggest consumer market in the world, surpassing the United States – the largest community (by number of countries) to allow free movement – and, including Paris, Berlin, Amsterdam, Rome, Munich, Hamburg – probably the most interesting and inspiring continent in the world.

European nations share a common history – for good and for bad, they share values of personal freedom, the value of education – and mutual respect and appreciation. Whereas Ireland's location on the western edge of Europe makes the country a strategic gateway to Europe, Germany is situated right in the center of the continent. Both countries are offering short, direct and inexpensive flights to all European capitals. The common currency – combined with the right of free movement – makes travelling easy. A big number of countries sharing values, culture and currency deliver multiple opportunities to IUBH students: Build your personal, international network (see next page), join global companies, simply enjoy the freedom to travel and to explore a fascinating, multi-faceted continent!

## WELCOME TO GERMANY AND IRELAND

**"When the wind of change blows, some build walls, while others build windmills"**

CHINESE SAYING

Globalisation and the knowledge economy are changing the face of today's markets. While demand for workers with higher levels of education, technical knowledge and skills has been rising rapidly, low skilled workers have suffered declining incomes. These changes are likely to drive reforms in migration law to facilitate the movement of talent around the globe and increase the numbers of national and international companies looking to recruit graduates to fill the skills gap. IUBH study programmes are designed to nurture international talent and provide graduates with the skills to perform leadership roles in business across global markets.

## LIVING IN GERMANY

By global standards, Germany is a prosperous, stable and open society renowned for the reliability and quality of its services and products, its progressive energy policy, and its leading political and economic role in Europe. It's geographic location and excellent infrastructure make Germany a traveller's dream, and its rich cultural heritage ensures a huge diversity of recreational activities. It's a very safe and comfortable place to live where people are friendly, helpful and generally willing and able to speak English. Some facts about the German economy:

- No. 3 in the world, the world's strongest export nation per capita
- Unemployment figure for university graduates < 2.5%
- Experts agree that demographic change will continue to impact the labour market, causing a major shortfall in qualified labour and creating good opportunities for skilled workers from abroad
- Open community, 10 million inhabitants are from a migrant background

## LIVING IN IRELAND

Ireland is a small country with an enormous amount to offer, not least of which is a rich culture, diverse artistic talent and lively people. With its natural diversity and medieval towns, the green island does not only attract numerous tourists every year, but also many people who decide to live in Ireland for the long term. The emerging economy, as well as the demand for foreign workers, make the country the perfect emigration destination for people of all professional categories. The Irish are considered open-minded and extremely hospitable. The population is quite young and dynamic, so it is easy to make contacts and get in touch with locals – for example in one of the many Irish pubs, where much of the social life takes place.

# YOUR RIGHT TO **WORK & LIVE** IN GERMANY AND IRELAND

## POST-STUDY WORK IN THE EUROPEAN UNION

Foreign students who have successfully completed their studies in Germany or Ireland can have their residence permit extended by up to

- 18 months in Germany (if graduated in Germany)
- 12 months (bachelor's degree) resp. 24 months (master's degree) in Ireland (if graduated in Ireland)

for the purpose of looking for a job that corresponds to their qualification. If they find a suitable job within this period, they can choose whether they want to apply for a German or Irish residence permit or an EU Blue Card (if graduated in Germany).

## FOR GRADUATES IN GERMANY: EU BLUE CARD

Skilled professionals are in very high demand, which creates enormous career opportunities for you: Eager to attract immigrants to the country to offset a shortage of skilled labour due to demographic changes, the German government has introduced the EU Blue Card. It is targeted at well educated immigrants: It grants the right to work and live in Germany\*. Thanks to the introduction of the EU Blue Card in Germany, the permanent immigration of highly educated skilled employees is made very easy. EU Blue Card holders are entitled to work in 26 Schengen countries and are eligible to apply for permanent resident status in Germany. As early as two years after receiving your German or EU Blue Card residence permit, you can apply for a permanent residence permit – that is, a residence permit without a time limit.

**“Germany is suffering a dearth of graduate professionals in key disciplines, such as engineering. Demographic changes mean that Germany's continued strong growth will depend on skilled workers with a migrant background. Against this backdrop, Germany has created its version of the Green Card designed to ease immigration for qualified workers and make Germany more attractive to highly trained foreign graduates. We hope young talent from abroad will take advantage of this opportunity to study and begin their career in Germany!”**

## VIBRANT AND COSMOPOLITAN DUBLIN

## DUBLIN AS BUSINESS LOCATION

Fastest growing economy in the euro zone in 2016 and set to win for the 4th year in a row in 2017 according to Davy Stockbrokers, Ireland and its capital Dublin are the location of choice as their European hub for a number of multinational corporations. Dublin's Silicon Docks host the EMEA headquarters for social media giants Facebook, Google, Twitter and LinkedIn. E-commerce stars Amazon, PayPal, AirBnB are all based here, as well as big IT companies such as Microsoft, HP, Intel and Dell. Key Cloud Service providers such as Adobe, Dropbox, Salesforce and SAP have branches in Dublin, not to mention major gaming companies like EA or Riot Games.

## INTRODUCING KILLARNEY: **FABULOUS SCENERY MEETS WORLD CLASS HOSPITALITY**

---

A spectacular natural landscape, historical buildings and the famous Irish lifestyle - Killarney has many different facets. One of the most picturesque towns in South-West Ireland and top tourist destination for Irish and foreign visitors alike, the town boasts a very impressive offer of hotels, spas, as well as a diverse range of pubs and restaurants. Next to events and festivals all year round, Killarney serves as “basecamp” for all sort of outdoor activities in the Killarney National Park and is gateway to Ireland’s most famous scenic drive, the Ring of Kerry. Live and study in a unique atmosphere at the foot of Macgillycuddy's Reeks, the highest mountain range in Ireland!

## BIG VARIETY IN KILLARNEY

Killarney is a lively city that has more to offer than shamrock and shillelaghs (the Irish trefoil and traditional wooden walking stick). Whether you are into Boxy (a traditional Irish potato pancake) or bruschetta, Irish-American cabaret or Hip Hop and Grime, five-star hotel or traditional Irish cottage: Killarney has it all.

## KILLARNEY AS IRISH TOURISM HOTSPOT

Tourism is by far the largest industry in Killarney. With the exception of Dublin, there are more hotel beds in Killarney than in any other Irish city. Killarney National Park with Ireland's highest mountain, fascinating lakes, forests and the Torc waterfall are just some of the many attractions around. Killarney also marks the start of the well-known Kerry Way, a 214 km long hiking tour, which takes you through Ireland's finest scenery. Easier walks are the forest trails around Ross Castle or the four-hour loop around Lake Muckross.

Our Hotel and Restaurant Management programme thus perfectly matches the strong tourism and hospitality focus of the region.

IUBH mediates in finding dorms for their Killarney students.

> [www.iubh.ie](http://www.iubh.ie)

## INTERNATIONAL STUDENT SERVICES

The International Office assists IUBH students heading for their placement abroad and is closely involved in advising and welcoming incoming international students and exchange students. The International Office is also responsible for the development and management of existing and potential partnerships with international universities and institutions.

## INCOMING INTERNATIONAL STUDENTS

The IUBH International Office is the first on-campus contact for all non-German students and provides a range

of services to help international students adjust to living in Germany and studying at IUBH. It forwards important information about the start of the semester and key steps that need to be taken on arrival in Germany. It also co-ordinates directly with other relevant IUBH departments providing student assistance, such as the Student Office and the Accommodation Services. Staff at the International Office are keenly aware of the challenges surrounding international student mobility, potential visa-related hurdles and culture shock issues. Their aim is ensure that all international students feel welcome at IUBH from the very word go.

## IUBH GREETER PROGRAMME – A FRIENDLY FACE ON ARRIVAL

Run by the International Office, this student volunteer programme celebrates IUBH's commitment to international students and aims to make the transition for newcomers as smooth as possible. As a first point of contact, IUBH greeters provide a much needed warm welcome to international students. So far away from home the greeters facilitate integration into campus life offering support and guidance on academic and non-academic issues and on how to best jump the organisational hurdles facing them on arrival. This is a great opportunity for personal, social and intercultural interaction that benefits

both greeters and students. This has been the starting point of many friendships. Grateful for this supportive network, many of those who have benefited from this warm welcome go on to become greeters themselves.

## INCOMING STUDENTS

The International Student Prep Day kicks off IUBH orientation at the beginning of each semester and gives students the opportunity to interact with International Office staff, IUBH greeters and other international students new to IUBH. They can also find out everything they need to know on the essential steps and action required with regard to immigration formalities, campus services and German bureaucracy before they can begin their studies.

## OUTGOING STUDENTS

Selected IUBH study programmes include a mandatory period of study abroad at an IUBH partner university. ## LEVERAGE THE STUDY & WORK ADVANTAGE

The dual study model has proven to be extremely successful – as a perfect blend of theoretical studies and practical experience. In Germany dual programmes have delivered 97% employability for graduates and have shown a 500% growth rate in the past 8 years. Much of this success rests on the high standards we set for our faculty, our active-learning approach and curricula with practical relevance, as well as consistent corporate feedback from our corporate network. In Killarney, Ireland we offer you two possibilities to study in our dual model:

### 1) Matching process with IUBH support

When looking for the right company for your practical employment, you are not on your own. We actively support you in finding a company in the region of Killarney. We can draw on a well-developed network and cooperate with numerous practice partners, who have free places for our students. Your company will usually pay the tuition fee for you.

### 2) Finding a company on your own

If you prefer, you can of course also find your partner for the practical employment on your own – worldwide. In this case, you spend the winter months in Killarney to complete your theoretical study modules and are free to choose where to do your practical study parts during the summer time. Please talk to your company about a possible assumption of the tuition fees.

## EMPLOYABILITY: THE KEY ISSUE FOR INTERNATIONAL STUDENTS

Research results are impressive: International students are increasingly keen on gaining skills with practical relevance so that they can find employment directly after graduation. Worldwide, IUBH is one of the leading universities in terms of corporate partnering for dual studies and is the best place in terms of ensuring employability.

Given the dynamic of the hotel industry, there are plenty of opportunities for challenging jobs and great careers. Our graduates take positions in a wide range of functions, such as regional marketing manager, international business developer, marketing strategy manager or project manager.

Employment almost guaranteed:  
Our new Study & Work programme offers a practice-oriented degree for your career in hotel management

# FINANCIAL ASSISTANCE OPPORTUNITIES

The question about how to finance your studies is important and should be clarified before you start the degree programme. Your parents also

probably have some questions about this. Taking this into account, our study advisors have put together an extensive range of information about

financial assistance for students. Perhaps you are not yet familiar with some of the options and you will find the right solution for you.

## MY ADVANTAGE: SCHOLARSHIP PROGRAMME

Together with corporate partners, our university has established a scholarship programme for highly promising applicants. Up to 50% of our EU students can be awarded a scholarship. When you apply for a scholarship importance is placed on your previous school performance, as well as on your financial need, your community involvement and your potential to excel during your studies. Successful candidates are awarded a partial reduction in tuition fees from 25-50% depending on the scholarship granted.

## THE REVERSE GENERATION CONTRACT: IUBH EDUCATION FUND

With the IUBH Education Fund you pay no tuition or only part of the tuition fees while you are studying. Repayment of tuition fees begins after you start working: payments are made on an income dependent basis, are tax deductible and payments are only due if you earn more than a minimum income. The IUBH Education Fund model is structured like a reverse generation contract: Repayments to the fund are used to enable subsequent students to finance their studies. This makes studying assessable to all students who are eligible, regardless of financial need. You can apply for the IUBH Education Fund if you had a score of at least 60% on our Assessment Day entrance exam and if your school leaving certificate meets other criteria.

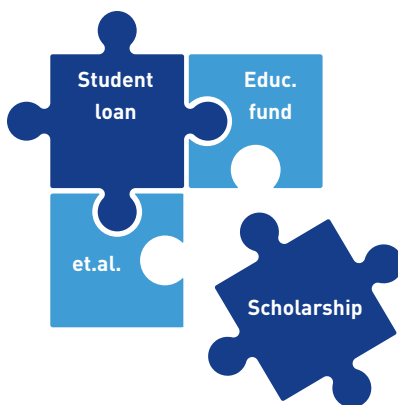

For more detailed information, see:  
> [www.iubh-bildungsfonds.de/en](http://www.iubh-bildungsfonds.de/en)

## NEED DEPENDENT AND FLEXIBLE: STUDENT LOANS

Student loans are a good option for financing your studies on a need dependent and flexible basis. The loans are only granted for educational purposes, and are designed to meet the specific needs and circumstances of students. Our university cooperates with different banks, for example the Sparkasse Bad Honnef and the Deutschen Bank, which give IUBH students additional benefits for student loans.

## CREATE AN INDIVIDUALISED FINANCIAL SOLUTION

You can combine, like a puzzle, the financial aid options described. For example, you could receive a 50% scholarship and finance the other half of tuition fees with the IUBH Education Fund and, to cover living expenses, apply for a student loan.

## CONTACT INFORMATION

Please contact us if you would like to set up a personal consultation to discuss financial aid options. We are more than happy to talk with you in more detail about financial aid options in a personal consultation or by phone.

### Trial Studies in Bad Honnef

If you would like to find out what it feels like to study at IUBH you should join us

for trial studies! We have two variations:

1. Are you still unsure about which degree programme is the right one for you and do you need more detailed information to help you in the decision-making process? Are you wondering what it is like to study in English? If so, our Trial Studies programme which is held twice a year is a good option. Over the course of two days you get first-hand experience of student life, you attend lectures, eat in the cafeteria and meet with other students.

2. Have you already chosen the degree programme you want to pursue at IUBH, answered your questions about curriculum content and financing your studies and yet still miss having a personal impression of student life at the university? If so, make arrangements for an individualised trail study day.

If you are unable to visit us on campus, you can always reach us by telephone or email. Or you can meet us at an education fair or school presentation in your area.

GET IN CONTACT WITH US! WE LOOK FORWARD TO YOUR QUESTIONS!
