

FIND THE

**REAL
YOU**

**SAULT
COLLEGE**

FIND THE REAL YOU. BRANDEE DID.

Her journey at the college has changed Brandee for the better. With the help of our Community Integration Through Cooperative Education program (CICE), she was able to gain the confidence and skills to pursue a career in social work. She went on to become a confident Registered Social Service worker who did not know that she would make it this far. From learning accommodations to a successful working contract and now pursuing her degree in Social work — her determination is infectious. Brandee mentions, “I was a square peg trying to fit into a round peg society, meaning I learn differently and need accommodations but I have something to offer just like everyone else. I am very thankful for Sault College – they helped me make my dreams come true!” Amazing words for an amazing person.

There is a reason why the New York Times named Sault Ste. Marie and the Lake Superior ice caves as one of the top 52 places in the world to visit in 2019.

THE SAULT & AREA AWAITS

There is a sense of strength with living in Sault Ste. Marie. There's an energy. You'll see.

Living in Sault Ste. Marie offers the kind of lifestyle that people dream about. The space to breathe and the ability to prioritize whatever is most important that day.

The sun, miles of sandy beaches, swimming, BBQs, biking and more. Sault Ste. Marie is a gateway to summer adventure for day trips up the coast of Lake Superior... and all of the camping, hiking, and roasting marshmallows you want.

For the summertime urbanite, the Sault also has enough to keep you busy; dog parks, skate parks, downtown street parties, walks along the boardwalk, a summer concert series, outdoor yoga and fitness classes, and a 22.5 km non-motorized hub trail are just some of the amenities you can take advantage of.

Want to see more? Visit welcometossm.com

WE OWN WINTER

Photo credit Carole Stubinsky

Making the most of winter is what we do in Sault Ste. Marie.

Ice fishing, fatbiking, skating, skiing, snowboarding, sleigh rides, snowshoeing, snowmobiling, ice caves, hiking and more...all of this winter adventure right in our backyard.

In the Sault, you can sign-up for a yoga snowshoe class during the day and take a midnight ski by the light of lanterns at night. Roast marshmallows at the waterfront skating trail, and then follow it up with a night of hockey at the newly constructed GFL Memorial Gardens.

Sault Ste. Marie has over 150 km of world-class ski trails, and is just a 45 minute car ride to one of the best mountain resorts in Ontario. It is also home of the Soo Greyhounds, and the historic Bon Soo Winter Carnival, the 'Fifth Season' in Northern Ontario.

Want to see more? Visit welcometossm.com

Introducing the All New Waterfront Adventure Centre

Our New Waterfront Home

The all new Waterfront Adventure Centre is home to a student and community inclusive space that takes advantage of outdoor recreational activities. Situated along the picturesque waters of the St. Mary's River in the heart of the Great Lakes.

Amazing activities

The Centre features activities from watercraft rentals, such as: canoes, kayaks, and stand-up paddleboards, to court rentals for tennis, beach volleyball and pickle ball!

Student Focused

The Centre will provide another opportunity for experiential learning for our students in the Natural Environment programs.

An Amazing Space

The Centre features the 2500 square foot main building and a 2460 square foot boathouse.

**CAMPUS
WITH A
VIEW**

NATIONAL CHAMPIONS

Sault College Cougars make history as the first Canadian men's team to take the championship.

The Men's Hockey team captured the ACHA (D3) Championship with a convincing 12 to 3 win against the Grand Valley State University Lakers in Dallas, Texas.

No Canadian men's team has ever won an ACHA Championship and the Cougars did it in dominating style.

The Cougars also boast winning the first National Championship in any varsity sport in the College's history. It was a truly proud moment for our College and a source for civic pride.

The Cougars went 4 and 0 in tournament play, defeating the University of Wisconsin-Milwaukee 10-1, Ramapo College from New Jersey 12-5, University of South Florida 6-1 and Fairfield University from Connecticut was defeated by the Cougars 6-2 in the semi-finals.

Check out saultcougars.ca for more information on our amazing teams!

FEATURED SUCCESS:

- 21 OCAA championships
- Curling OCAA Gold – 2018
- Men's Hockey – ACHA National Champions Division 3
- Women's Hockey – Approved for ACHA in 2019/20
- Men's Soccer – 2018 Regional Champions
- Men's & Women's Outdoor Soccer inaugural year 2019

GET INTO SPORTS

We're here for you. From academic supports to your well-being, it's how we roll.

If you are an athlete or love to stay fit, then you will feel right at home here. From champion Varsity teams to fun campus leagues, your sport lives here. Sault College Athletics boasts endless opportunities for sport participation; both competitive and recreational. Competing within the Ontario Colleges Athletic Association (OCAA) and Canadian Collegiate Athletic Association (CCAA), our highly successful Varsity sports program has helped our Cougars secure national and provincial recognition.

Our competitive athletic programs for men and women include basketball, indoor and outdoor soccer, hockey, cross country and curling. The hockey program competes in the American Collegiate Hockey Association (ACHA). If you want to stay active and are pursuing bragging rights instead of awards, we offer a variety of recreational sport options including ball hockey, volleyball, skiing, tennis, cricket, cheer, and much more.

A HEALTHIER LIFE IS WITHIN REACH. LITERALLY.

From the latest equipment to an amazing facility, our Health and Wellness Centre is your escape from the daily grind of schoolwork!

Plenty of space to get fit

The 5000 square foot, state-of-the-art gymnasium incorporates an upper-level, two-lane 114-metre indoor walking and running track.

Yoga anyone?

Get fit in our Yoga studio, work hard in our bike and spin area or our athletes can relax in our lounge.

A Complimentary Pass to compliment a new you.

Did you know that students receive a membership for access to our Health and Wellness and new Waterfront Adventure Centres?*

The perfect setting to get healthy

Fitness and strength conditioning areas and open concept studios are graced by real, natural lighting and a window terrace overlooking the Sault campus. With the latest and customizable cardio machines, you will not be disappointed.

*Included in your student ancillary fees

MEET OUR RESIDENCE STAFF

Our Residence Advisors are senior students living in residence who are willing to share the benefit of their college experience with new students. They provide information about the residence and the college, organize regular activities, and ensure that all Residence Community Standards are followed.

Our Residence Life Coordinator (RLC) provides additional support services for students, and is on call for after hour emergency situations. The RLC lives in the first floor apartment to provide additional support to students and staff.

Our Residence Coordinator assists students with any housing concerns they may have, processes payments and helps with the admission process!

HOME AWAY FROM HOME

Build friendships and experience an amazing time on campus.

Students will find comfort in spacious double, single, premium single and barrier free rooms. During your stay, allotted study hours provide a positive learning environment while added programming offers fun opportunities to meet new people. An endless number of events like ice fishing, paintball, floor hockey, dodge ball, beach days, city wide scavenger hunts and holiday dinners will fill your days with excitement! Of course laundry, cable and internet come standard.

If you want to flex your culinary muscles, Ray Lawson Hall hosts a full kitchen on every floor. You can also kick back on the couch with your friends for movie night or catch a game on the flat screen TVs located in our common areas.

For more information visit saultcollege.ca/residence

Take a virtual tour of our Residence at saultcollege.ca/VR or scan the QR code

REAL SUPPORT & PERSONAL SERVICE

Your success is our success.
That's why we're focused on
offering unparalleled services
to help all students thrive.

Accessibility

We are committed to expanding access and support to all persons with disabilities, by having a goal to be a barrier-free learning and working environment to enable academic and employment success.

Campus Watch

The Campus Watch Program is a student volunteer program that is aimed to ensure anyone on campus feels safe and comfortable after regular operating hours.

Academic Counselling

Counsellors are available to assist potential students and current students make academic-related decisions. Counsellors are able to provide information on programs within the College and help students develop an academic plan.

Personal and Crisis Counselling

The Counselling Centre services include access to Counsellors who can provide short-term counselling for students experiencing personal and/or mental health issues.

Crown Ward Support

Crown Ward students studying at Sault College are able to access additional financial, academic and social supports.

Student Financial Assistance Office

The Student Financial Assistance Office administers the Ontario Student Assistance Program, Scholarships, Bursaries and Awards, Entrance Awards and the Student Exceptional Expense Bursaries.

Health Care

The College Health Support Centre offers First Aid/CPR and treatment for minor illness, injuries and emergencies, assessment of illness or injury, with referral to appropriate care and emergency transportation to health facilities, such as the hospital emergency department. There is also weekly doctor clinics and aviation medicals available.

The Write Place

The Write Place is a faculty-led, drop-in tutorial available to all students. Any student who has questions or concerns about assignments, essays, reports, and APA requirements can bring them to college Language and Communication professors for assistance.

Library and Peer Tutoring

The library offers inviting spaces for group work or individual study, computers and audiovisual equipment, and comfortable lounge areas to spend time between classes. Friendly, knowledgeable staff are available to help you find the information you need for your schoolwork or personal life - just ask for help! Drop-in Peer Tutoring is available weekly.

Student Job Centre

We offer employment services for Sault College postsecondary students and alumni and act as a hub for information and resources in regard to all your employment needs.

Salon and Spa

First impressions are always important. Head over to our student-run Salon and Spa and get pampered!

LGBTQ+ Friendly Environment

Sault College celebrates diversity of our students and knows its responsibility to work toward a safe and welcoming home for people of all gender identities and sexual orientation.

The Equity Room

The Equity Room is a welcoming and inclusive room. This is a space for youth who identify somewhere on the rainbow to collaborate ideas, sit with friends, have meetings, brainstorm, study, chat, get inspiration or merely relax.

Reflection Room

Offering room for quiet reflection, talking circles and prayer. Also a room for calming and de-escalation.

Therapy Dogs

St. John's Ambulance has participated in our PAWS to Relax initiative that provides therapy dogs for students to engage with to help decrease stress prior to mid-terms and exams each semester.

Our new state-of-the-art
Early Learning Centre
located within Sault College
offers onsite child care to
students, employees and
the community.

Why Canada?

Canada ranks No. 1 overall in the world for providing a good quality of life*. Canadians pride themselves on encouraging all citizens to honour their own cultures. In 1971, Canada adopted a national policy of multiculturalism, which celebrates the country's diversity. What's not to love!

LOVE CANADA, WE DO

If you're looking to study in Canada, Sault Ste. Marie is the perfect destination in a breathtaking setting, a low cost of living and a quality education.

The Sault is welcoming.

Friendliness is so essential when visiting a new destination. You want to meet people who are happy to greet you, answer questions, and welcome you. Sault Ste. Marie was ranked in the top 10 Friendliest cities in Canada by Expedia in 2018 – there is no wonder we are home to a large – and rapidly growing – population of international students. We can't wait to meet you!

Support is our priority

Sault College International provides support for all incoming and current students. They are able to assist with any questions or concerns you have

before and during your time here. They bring many cultural events and festivals to campus and are here to help you adjust to Canadian culture.

Let's get you prepared in English.

Sault College now offers English for Academic Purposes Certificate (EAP) for students interested in improving their English skills before beginning their postsecondary studies. Graduates of our EAP program will meet the language requirements for entry into their academic program at Sault College.

For more information visit saultcollege.ca/International

*The 2019 Best Countries rankings. Visit www.usnews.com/news/best-countries/quality-of-life-rankings#canada

REAL CULTURE

Embracing traditions and values. This is where we gather.

Sault College proudly offers a unique learning environment that celebrates the languages, cultures and traditions of Indigenous and Métis students.

Our curriculum incorporates cultural worldviews in addition to offering Indigenous-specific programs through our department. We provide Indigenous student support services including counselling, tutoring, college application assistance and a positive, social environment through Enji Maawnjiding, the “Where We Gather” Indigenous

Centre. At Sault College, education and life intersect. Students have access to Elders, Indigenous professors and instructors and can become involved in our Indigenous Student Council.

We offer scholarships, bursaries, and awards specific to Indigenous students as well as an Aboriginal Apprenticeship Centre. Community is important here, so be sure to check out our student events, weekly soup days, feasts, annual Pow-wow and Sacred Fire Arbour.

LOVE YOUR REAL YOU. WE DO!

Celebrating Diversity

Sault College celebrates diversity, equity, inclusion and respect. Who would not! It makes every day here more exciting. We love what makes you – you. We love the richness and diversity of our student population and as our college community evolves, and our staff and student population changes, we will make sure we have a place that is welcoming.

We believe all people matter, are able and responsible, and should be treated that same way. We believe that we must put students first and that doing so in an honest way creates an invitational college which encourages diversity and inclusion, which in turn strengthens the fabric of our college and student life.

As such, we demonstrate leadership in eliminating barriers and implementing and promoting diversity through our academic policies, special initiatives and proactive measures.

Look for our Campus Watch initiative to help you feel safe within our school. Celebrate in our cultural events and festivals like International Students' Day and seek answers you need from one of our International Department staff.

We are committed to taking on and getting rid of harassment and discrimination. So, we welcome you into our home – as we are excited to hear about yours.

Celebrating Gender and Sexual Diversity

Sault College celebrates diversity of our students and knows its responsibility to work toward a safe and welcoming home for people of all gender identities and sexual orientation.

The LGBTQ+ community at Sault College is welcomed and we want your real you to be comfortable here. Our goal is knowing we can take care of all of our students through knowledge about LGBTQ+ issues and our available resources on campus to support our students in ways that they need.

Our goal is to ensure that all LGBTQ+ students, faculty, and staff feel supported and aware of LGBTQ+ issues and resources on campus.

Our Campus Watch initiative helps you feel safe within our school. Access to All Gender washrooms are also available throughout the campus. Celebrate in our Pride events throughout our school year and seek answers you need from our dedicated counselling team with additional access to the QSA Alliance, a local peer support group.

Feel welcome. Feel at home.
Celebrate your real you.

The Equity Room is a welcoming and inclusive room. This is a space for youth who identify somewhere on the rainbow to collaborate ideas, sit with friends, have meetings, brainstorm, study, chat, get inspiration or merely relax.

You learn by doing. So, we do learning differently.

Here, we're transforming the way you learn. It's amazing and focuses on something called experiential learning.

Experiential learning is education through doing and then reflecting on your experiences in order to grow a lasting knowledge base. It's really effective when it comes to soaking up new and important information. Trust us.

Experiential learning involves you more deeply in the learning process rather than asking you to simply absorb information through lectures and books. It sets you up for success by immersing you in real-world scenarios where problem-solving, decision making, collaboration and planning are all part of the learning process. It's like giving you valuable experience before you even start your career. And employers LOVE that. It's no wonder why our grads are among the most employable in the province.

Here, technology is instrumental in giving you the most impactful experiential learning environment. You have access to simulators, labs, and field camps all designed with your success in mind. It's amazing. It's hands-on. And you will find it here.

AVIATION

Were you meant to touch the clouds? With state-of-the-art flight simulators, your career will soar with one of the best aviation schools in Canada

Push the throttle on one of the most thrilling careers in the world. Our Aviation Technology program prepares you to take flight and become a highly trained, professional, licensed pilot. And do you know what one of the best parts is? Your career can transport you to new and exotic places around the globe. No matter where your office is, we're certain you'll love the view.

At Sault College, you're not held back by gravity. Soar in our amazing Zlin aircrafts meant for aerobatic flying and training. Through on-campus instruction, flight simulation and in-flight training, you'll be part of an award-winning program that will have you excelling in your field.

We're proud of our reputation as a top-flight school. But offering the best opportunities to students is what keeps our head in the clouds.

Program Highlights

Two Plus Two = Amazing!

Did you know you can leverage your Sault College Business diploma to earn a degree in only two years? That means you will have earned a degree and diploma in only four years. Through our partnerships and agreements with institutions locally and in Sudbury, we have amazing opportunities for you to push your education forward. Employers love it! See next page for more information.

Our New Hospitality Management Program!

Gain administrative and leadership skills to prepare for a management career in an exciting world of hospitality and tourism operations.

Proof is in the Numbers!

Did you know that our Business program has a high student and employer satisfaction rate?*

See page 77 for more details or visit saultcollege.ca/Business

*Based on the past five consecutive years of student Key Performance Indicators surveys

A close-up, profile view of a group of young men, likely students, looking towards the right. The man in the foreground has a dark beard and is wearing a dark blue t-shirt. The text 'BUSINESS PATHWAYS' is overlaid in large, white, bold, sans-serif capital letters across the lower portion of the image.

BUSINESS PATHWAYS

In the fast-paced world of business, competitive advantage is everything. Our unique, Two Plus Two partnerships will give you a competitive edge!

Through our partnerships and agreements with institutions locally and in Sudbury, we have amazing opportunities for you to push your education forward.

Under these agreements, qualifying students in eligible programs can complete their diploma studies here at the College and move on to a partnering University to complete their degree in only four years! These pathway agreements offer our students diversity and opportunity in their postsecondary studies, opportunities to continue building on their knowledge and skills, and a strong foundation for future success.

Together with Lake Superior State University, Algoma University and Laurentian University, we have pathways to fit. See saultcollege.ca/businesspaths for more information.

COMMUNITY INTEGRATION THROUGH COOPERATIVE EDUCATION

**Do you love meeting new challenges?
We know you do! Be inspired to move
forward on your next exciting journey.**

Meeting new challenges is all about having the courage to take that first step to pursue fresh and exciting adventures. We know you have it in you to succeed and are excited to be a part of your journey. As a community of learners, we know that meeting and overcoming challenges comes more easily with support from others. It's how we all move forward. So, let's take that first step together.

Community Integration through Cooperative Education (CICE) is a fully integrated two-year certificate program designed to offer students with learning challenges more ways to enhance their academic, vocational and social skills. We offer 19 program areas of study that are paired with program-specific field placements for a wide range of hands-on learning opportunities. The CICE program is designed to help you meet your full learning potential, and with in-class support and tutoring, you're on your way to a whole new level of confidence in your abilities!

As a CICE program graduate, you will work with Community Employment Support Specialists to find a job that is the best fit for you. A new challenge awaits you!

Community Integration Through
Co-Operative Education

Program Highlights

Don't take our word for it!

"I struggled to believe that I would ever go to college. With support and encouragement my confidence grew and I learned how I learn. I graduated from CICE and went on to graduate from Digital Film Studies where I continue to pursue my dreams." *Recent CICE Graduate*

Full integrated!

There are 19 areas of study available to students and are fully integrated into the college community!

Field Placements

Field Placements are directly related to students' area of study and provide excellent hands-on experience!

See page 78 for more details or visit saultcollege.ca/CICE

COMMUNITY SERVICES

Do you love making a difference? Community Services Programs were meant for you and you were meant to change the world.

You're selfless and committed to improving the lives of others. You're probably too humble to admit this out loud, so we said it for you ...we hope you don't mind. Now let's talk about how we can support your career goals. Find the real you and discover Sault College's Community Services Programs.

Child and Youth Care is your gateway into supporting the lives of children, youth and families. Through this innovative program, you will receive training in areas such as counselling, addiction, sexuality, mental health and special needs. Field placements and a cooperative learning environment are designed to see you excel in your career helping others.

You believe that children are the future. Hey, we have that in common! So how can we work together to inspire tomorrow's generation today?

The Early Childhood Education (ECE) program at Sault College provides exclusive research-based training opportunities for students. Our licensed, college-run Early Learning Centre introduces you to early childhood education theory in action. Learning Centre staff work closely with faculty to provide onsite training opportunities for ECE students. This hands-on experience is a huge advantage when entering the workforce whether it's an early learning program, EarlyON centre, health care facility or one of the many other career opportunities available to ECE grads.

Our ECE program is one of few in Ontario to offer training in Learning Language and Loving It™ – The Hanen Program®. This approach to education promotes children's social, language and literacy development.

With an ECE diploma, you will be eligible to register with the College of Early Childhood Educators (CECE) and use the title of Registered Early Childhood Educator (RECE). You can also continue your education at the university level by transferring eligible earned credits to partnering schools.

While we're talking, we know you'd make a difference as a social services worker too! The Social Service Worker programs will provide you with the theories and approaches to support social justice and well-being. You can also specialize and become a Social Service Worker in Indigenous communities. Learn how to practice with a culturally competent approach, demonstrating an increased knowledge of Indigenous issues.

If making a difference is your passion, you will find it here.

CULINARY

Do you love to taste your homework? If you speak the international language of food, this program is for you. Take your culinary passion and transform it into a career that is oh so satisfying.

Cooking and creating dishes is your art. You have an appetite to connect people through your work. And guess what? That makes us really happy. We've designed our culinary programs to have you working alongside experienced chefs, learning the techniques to make you a culinary star in any kitchen. Discover innovative ways to prepare foods for 1 to 100+ people in our state-of-the-art industrial facility.

And tap into your creative side through practicing hands-on presentation methods – you eat with your eyes first, after all!

Success in your field is our goal. So, we offer real-world learning experiences by having you create dishes for our fast and casual on-site restaurant, Gourmet-to-Go. Call this our secret sauce, if you will.

The Culinary Management program takes your skills to dynamic kitchens with work placements and paid co-ops. Benefit from skilled Chefs and experienced restaurateurs in our local and highly regarded restaurants!

If Hospitality and Tourism Management is your thing, we have an amazing program! This graduate program focuses on key areas of the hospitality and tourism industry including human resources, marketing, strategic and business planning and leadership. Graduates will gain administrative and leadership skills that prepare for management careers in a variety of exciting and worldwide hospitality and tourism operations.

We look forward to seeing the heights you'll reach in your career. Whether it is working at an international resort, five-star restaurant, supper club, or launching the next big food trend – you will find your flavour here.

ENGINEERING TECHNOLOGY

Do you like to build things? Or things that build you? There is an in-demand career out there looking for you right now. And we can't keep it a secret.

What if? These two simple, but powerful words have inspired every piece of modern technology in our lives. You are the inquisitive mind who turns inspiration into creation and puts the 'what ifs' into action. You've chosen a career in engineering technology because you're a problem solver. You will make things better, faster and easier. And it starts here.

There's a shift happening in the manufacturing, medical and aerospace industries right now. Not to sound too science-fictiony, but robots are replacing jobs! Nearly half of the Canadian workforce

could be affected by automation over the next 10 years. The result will be a growing industry in solution-driven product design, development and testing. The question is, are you ready to change the future of industries? Um... YES! Our Robotics and Advanced Automation program will have you thriving in a changing workforce. Use a state-of-the-art laboratory to simulate a manufacturing environment and put your ideas into action to solve real-world problems.

Our Electrical Engineering Technician – Process Automation program provides practical knowledge of electricity and electronics. When you are done, you will be able to install, test, modify, troubleshoot, and repair electrical systems. Not only that, you will be able to evaluate, analyze, design, and develop those same systems!

Other in-demand careers are calling your name too. Just stop and listen to the world around you. The road you hear those cars on; not possible without civil engineering. The computer you're streaming your music on; it would be silent without the electrical system designed through electrical engineering. And, the roar of your car engine; it would be a sputter without the parts and tools designed by mechanical engineering. Engineering makes the world tick. Thanks for keeping our busy lives up and running!

If you're not sure what path in engineering you want to take, no worries. We offer a Pre-Trades and Technology program that will let you explore different areas of technology and skilled trades. Find the best fit for you here!

GENERAL ARTS & SCIENCE

Are you still discovering what you love? In a world of many possibilities, we can help you find the path to career success. Your choice matters.

You have so much to offer the world and you know it (it's okay to admit that). Because of this, your road to a fulfilling career could lead in any direction. We can't wait to see where it will take you. Let's start here.

The General Arts and Science program is designed for YOU. The program allows you to explore a wide range of interesting subjects while developing sought after skills in communication, critical thinking and interpersonal relations. Study social science, humanities, communications, and math and science as the best way to discover what you truly love to do. Plus, you'll work with faculty to choose electives and create an individualized full or part-time schedule that best fits your life! Once you get rolling in General Arts and Science,

take your passion and continue in one of our other great diploma programs where, with the right requirements, you could be enrolled in your program of choice.

If the road to your career turns into a runway, we've got you covered. 10 percent of Sault College's Aviation Technology – Flight program spots are held for One-Year General Arts and Science certificate holders. That's right, we're calling 'seat-savers' for you.

Want to be university-bound? No problem. Just continue in the General Arts and Science – University Transfer Program. Gain a solid foundation for university study and discover the many pathways available to graduates wanting to continue in this direction. Our responsibility is to give you the best environment to explore your interests and help you prepare for the next steps in your education. And we take that responsibility very seriously.

Whatever career you choose to pursue, we know you'll be great. Find the real you here.

**General Arts and Science
– Kitchen Assistant**

**General Arts and Science
– One-Year**

**General Arts and Science
– University Transfer**

Program Highlights

You have Pathway Options!

As a graduate of the two-year General Arts and Science – University Transfer diploma program, there are a number of university pathway options available to you. Our pathway partners include: Algoma, Carleton, Lakehead, Lake Superior State, Laurentian, York University and the University of Guelph, Waterloo and Windsor.

Sky's the Limit

These programs give you the opportunity to explore a wide variety of subject areas such as: communications, social sciences, humanities, the arts or math and science at a postsecondary level, and discover what it is that interests you.

saultcollege.ca/GAS**

HEALTH PROGRAMS

Do you love to care for others? Your passion to help inspires us!

Sault College understands that an investment in you is an investment in the thousands of people you'll impact through your career. And hey, we kind of like that. To support your drive to help others we offer several diverse programs in health care that will bring your goals to life.

As a nursing student, you'll explore career-specific scenarios that prepare you for real-world success. Clinical placements that begin in year one, a state-of-the-art simulation lab and small class sizes create a focused and innovative learning environment. Through our unique partnership with Laurentian University, we offer all four years of the Collaborative Bachelor of Science in Nursing (BScN) program on-site. Our programs develop the high-skilled, in-demand providers of health care needed in the province. It's amazing. It's hands-on. And you will find it here.

Take a virtual tour of our Nursing lab at saultcollege.ca/VR or scan the QR code

Does seeing others succeed get your heart racing? Fitness and Health Promotion will have you inspiring people and communities to live their best lives through custom wellness programs. Hands-on training and field placements provide the key leadership skills and physical assessment techniques needed for your success. And graduates looking to pursue a degree in personal training, kinesiology or exercise science can transfer eligible earned credits to programs at our partnering universities. Yep, you can earn a diploma AND degree in as little as four years!

Let's team up and find a career that is fulfilling and meaningful to you. Whether your passion is nursing, fitness and health, personal support work, occupational therapy or physiotherapy, you will find it here.

Collaborative Bachelor of Science in Nursing

Fitness and Health Promotion

Occupational Therapist Assistant and Physiotherapist Assistant

Personal Support Worker

Practical Nursing

Pre-Health Sciences Pathway to Advanced Diplomas and Degrees

Pre-Health Sciences Pathway to Certificates and Diplomas

Program Highlights

See Our Simulation Labs!

Our state-of-the-art Adult Medical-Surgical Simulation Lab allows our students to learn through active participation in life-like situations. We also have: a large general lab, a simulated home, assessment lab and a maternal-child sim lab where students can focus on other communication, critical thinking and hands-on skills. Come see for yourself how amazing our labs are!

Amazing New Pathway Options!

Fitness and Health Promotion graduates will now be able to transfer their diploma credits to a Bachelor of Science in Kinesiology degree at Lake Superior State University (Sault Ste. Marie, Michigan) for an additional two years!

Proof is in the Numbers!

The 2018 National Council Licensure Examination (NCLEX) pass rate for Sault College graduates was 88.9% for first attempt while the provincial average was 79.3%!

INDIGENOUS STUDIES

Do you love belonging to a community of Indigenous life, thought and history? Indigenous Studies is an environment that fits you – the real you.

Like you, Sault College celebrates language, culture and heritage present in our communities. Welcome to a cultural learning journey of physical, mental and spiritual health.

Embedded in Indigenous language is knowledge and expression that reaches far beyond

words and sentences. Indigenous language represents history, relationship to the land, ceremony, spirituality, and much more. Sault College offers one of the few certified Indigenous language immersion certificates in North America. This program will connect you with the Anishinaabe language and deepen your understanding of First Nation values and worldviews in a supportive environment.

Building up communities is your jam. Let's make sure you have all the right tools. The Social Service Worker – Indigenous Specialization program will give you a foundation as a skilled social service worker with a culturally competent approach. Advocate for social justice in both Indigenous and mainstream organizations while empowering individuals, families and entire communities.

Complete the Social Service Worker – Indigenous Specialization program at Sault College or off-campus in Thunder Bay. After completing the program, you will be eligible to register with the College of Social Work and Social Service Workers.

Knowledge, history, community pride – you will find it here.

Anishinaabemowin – Immersion

Social Service Worker – Indigenous Specialization

Social Service Worker – Native Specialization

Program Highlights

Meet Ted and Barb - Our Resident Elders

Recognizing the importance of traditional knowledge, Sault College is pleased to provide Elders-in-Residence services. Located in Indigenous Studies, our Elders are available to students and staff for one-on-one mentoring, talking circles, traditional teachings, ceremonies, cultural curriculum support, presentations, events and drop-ins.

Did you know?

We were the Gold Winner for the Indigenous Education Excellence Award from Colleges and Institutes Canada 2016-2017. Amazing!

See page 80 for more details or visit saultcollege.ca/Indigenous

INFORMATION TECHNOLOGY STUDIES

Do you love making networks work? From IoT to GIS, AI to VR, your connection to today's digital transformation is spelled out at Sault College.

Employers are looking for you! Industries across the globe from healthcare to finance to automotive and manufacturing continue to use technologies to make business more efficient and more secure. They're relying less on people and more on computers to get things done – it's all very futuristic. So, what about your future? We were hoping we could team up to smash your goals in the IT sector. What do you say?

With the best student-to-computer ratio in the province, all the tools you'll need to succeed in the computer programmer or analyst programs will

always be available at your fingertips. And in the ever-changing world of computers, we want to make sure you don't become outdated technology. That's why we design our hardware and software environments to mirror up-to-date industry-standard networks and platforms. We constantly evolve so you can design, develop and implement the newest computer applications in the field.

Like technology, we know your potential is limitless.

Oh, and if you're interested in a university degree in computer networking or computer science, you can apply earned Sault College credits to continue your studies at partnering institutions like Algoma University, University of Guelph and the University of Windsor.

Want to complete a degree and explore the world? Our degree pathways also lead to schools in Australia and Ireland.

As businesses use technology to transform how they operate, there will continue to be a growing need for programmers and software developers. Are you ready to be in demand?

Computer Programmer

Computer Programmer Analyst

Geographic Information Systems – Applications Specialist

Mobile Applications Design

Network Architecture and Security Analytics

Program Highlights

Amazing Pathway Options!

On completion of our Computer Programmer Analyst program, students can choose to earn their undergraduate degree in one more year from our local university (Algoma University). But if you are looking for some amazing postgraduate certificates – check out Network Architecture and Security Analytics and Mobile Applications Design programs. See next page for more information on pathway options.

New Heights for GIS

New to our Geographic Information Systems (GIS) – Applications Specialist program is the adoption of Drone (RPAS) usage. Watch out skies!

You Are in Demand!

Graduates from our Mobile Applications Design program are in high demand! The employment outlook will be good for Computer programmers and interactive media developers in Ontario.*

INFORMATION TECHNOLOGY PATHWAYS

You path is unique and for that, we have options. Our Information Technology programming allows students from every facet, find a path that leads to success.

Whether you are a high school or a mature student, our path to success is waiting for you. Students can explore options that allow for flexibility, fast tracking, or strengthening your marketability in the workforce. College graduates can find our post-graduate options rewarding or look at a path within our degree options with our partnering university agreements.

University students can find that extra credential like Mobile Application Design or Network Architecture & Security Analytics. Credentials that give you that extra edge.

To view admission requirements and program information, see pages 80 -81. For pathway to degree options visit saultcollege.ca/pathways

JUSTICE STUDIES

You love to serve your community. And we can't thank you enough. What we can do is continue to offer the best hands-on training for your career in law enforcement and public protection.

People like you want to make a difference in the world. And that motivates us to provide the best programming for our students. Rated as one of the top programs in the province, the Police Foundations program at Sault College prepares you for excellence in your career.

Experience training technology used by military and law enforcement agencies worldwide. Sault College's MILO Range tactical, use of force, and firearms training system delivers an immersive experience within our state-of-the-art simulation training lab. Learn through over 800 realistic, on-the-job scenarios that you can interact with using voice recognition and use of force tools. Simulation training can

help students achieve 90% learning retention. And we take full advantage of this.

Sault College is a make-life-easy place for students. It's how we like it. So, we offer the option to graduate from our Police Foundations and Protection, Security and Investigation programs with a university degree through our neighbouring Lake Superior State University. This pathway could save you time and money. If you'd like more details, feel free to connect with one of our helpful advisors.

Our Justice Studies grads are off doing great things in their communities. You can find them serving as city police, Royal Canadian Mounted Police, Ontario Provincial Police (OPP) and Canada Border Services Agency officers. Some have even reached among the top of their field as Deputy Chief of Police, Detachment Commander of the OPP and the Director of a Security Company. We're proud of that.

Let's take the next step in making a difference in our communities together.

Program Highlights

Welcome to Our Amazing Justice Studies Lab

This room is home to our real-life, state-of-the-art simulator. This system provides students with a fully immersive training environment. The more realistic the training the more effective the results. That's why our simulator supports a host of weapons and system features that you can use to simulate virtually any use of force scenario. How cool is this!

Police Foundations Degree Options

Did you know that we have developed an amazing degree partnership with Algoma University to earn your Law and Justice degree in only two more short years? Visit saultcollege.ca/twoPLUStwo for more information.

See page 81 for more details or visit saultcollege.ca/Justice

MEDIA & DESIGN

Do you love using your right brain? You're a creator and make your own rules. Let us help you design a career around your artistic passion.

"Quiet on the set!" Have you ever pictured yourself saying that? You're an artist with a creative vision that can't be held back. And that inspires us. Let's work together to bring that vision to life.

Press play on a career in digital film production at Sault College. Experience a unique program that takes you through the filmmaking process from start to finish. Learn about idea development, scripting, production and distribution. Gain valuable insight into producing for both film and television. Plus get the opportunity to work as a crew member on one of the many films shot locally.

Join a cast of successful characters. Film production is a thriving

business in Canada and Sault Ste. Marie. Just ask our world-travelling graduates working on projects from Netflix series to major studio films. Our students have been credited on the production “A Masked Saint” with Roddy Piper, “Remember” starring Christopher Plummer, “The Amazing Race Canada”, and many more! We admit: we’re kind of proud of our film fam.

If design is more your scene, sketch out your professional goals in the Graphic Design – Digital Media program. You will explore the design process alongside professional designers. And with project-based learning, you’ll gain hands-on experience while developing an eye-catching portfolio that employers won’t help but notice. Did we mention you receive an advanced diploma? That’s right! The program is the only accelerated design program in Ontario so you will complete our 3-year program in only two years. It will be sad to see you graduate so soon, but we’re okay with that.

Want to bring worlds to life? You will find it here. Without visual artists, video games would be nothing more than ideas. The Game Art program focuses on traditional arts as a foundation to create digital game assets using industry-standard software. Put your imagination to the test as you develop alternate worlds with limitless possibilities.

If you’re excited about graphic design, digital film production or video game art, the real you is now playing at Sault College.

SCHOOL OF NATURAL ENVIRONMENT

Do you love the outdoors? Sault Ste. Marie is home to the largest freshwater lakes in the world, the Canadian Shield, and diverse forests – sounds like the perfect classroom, doesn't it?

We both can agree, protecting the environment is in our nature. We love sharing that with you! Our nationally recognized School of Natural Environment programs focus on conservation, environmental protection, and exploring natural resources through field-based study.

Your classroom is a 45-hectare outdoor lab and newly constructed Waterfront Adventure Centre. Test your knowledge on multi-day field trips,

collaborate in shared workspaces, and start your natural resource career through a cooperative work placement.

Plus, through a new partnership with the regional conservation authority, we've expanded our outdoor classroom adding more diverse lands to research and apply real-world natural resource management concepts. This, along with a new agreement with Algoma University, the Ontario Forest Research Institute and Natural Resources Canada's Great Lakes Forestry Centre to share equipment, research sites, and other resources to promote forest science research and education.

If you're excited about a career in adventure recreation, fish and wildlife, conservation, forestry or environmental law, you belong here!

- Adventure Recreation and Parks Technician**
- Fish and Wildlife Conservation Technician**
- Forestry Technician – Conservation**
- Natural Environment Technician – Conservation and Management**
- Natural Environment Technologist – Conservation and Management**
- Natural Resource/Environmental Law – Inspection and Enforcement**

Program Highlights

Pathway to a Degree is Within Reach!

Introducing our Two Plus Two Pathway to Degree option with Algoma University. Students can join us for two years and will only need two more with our partnering University to earn a Bachelor of Science in Environmental Science. Visit saultcollege.ca/TwoPlusTwo for more information.

Your New Classroom is Breathtaking!

Sault College is nestled between stunning Lake Superior and pristine Lake Huron with countless inland lakes, streams and a diversity of forest types. Our campus is the perfect place to undertake studies committed to the protection, conservation and sustainable management of Ontario's diverse and majestic ecosystems.

See page 81 for more details or visit saultcollege.ca/Nature

A group of people are in a red canoe on a lake. The canoe is in the foreground, and the water is dark with ripples. In the background, there is a dense forest of trees, some with autumn-colored leaves. A woman in a blue beanie and green jacket is on the left, and a man in a blue shirt and tan cap is in the middle. Another person is partially visible on the right.

If your interest is styling, our popular Hairstyling program is the spot. Discover the secrets to mastering your favourite looks or bring a new vision to life. Plus learn the ins and outs of making clients happy. Gain first-hand experience in our on-site salon using the tools to specialize in cutting, styling and colouring services.

Career opportunities in hairstyling are endless. You can work in or own a salon, travel the world as a stylist, have a career from home, or you can continue your learning by specializing or finding a profession as a teacher. You will find it here.

**Esthetician
Hairstyling**

Program Highlights

See Our Amazing Labs!

Come experience the beauty and relaxation of our student run Spa and Salon. When you walk in you will be greeted by our students. Your senses will be ignited with the smells of aromatherapy and soothing relaxation music. From anti-fatigue mats to protect our stylists, upgraded ergonomically correct furniture, professional grade salon equipment to professional products – your salon and spa is waiting for you. Visit saultcollege.ca/VR to see them for yourself!

New Additions to Our Esthetician Program!

We are excited to announce new amazing additions to our curriculum. We now offer microblading, lash extensions, lash lifts, BB Glow, microdermabrasion, chemical peels, and much more!

How Amazing are Our Students?

Our Esthetician program partnered with our local ARCH Hospice for a new initiative, Health and Wellness Wednesdays. Our students provided the residents, staff, and volunteers at ARCH with some well-deserved pampering and care!

See page 82 for more details or visit saultcollege.ca/Spa

SKILLED TRADES & TRANSPORTATION

Do you love the roar of an engine? Whether you want to work on heavy equipment or with it, your success is what drives us.

You like to make things move. Fast. Cars are more than a hobby to you; they're a way of life. With a state-of-the-art motive power centre, you'll have the tools and training necessary to take your passion to the next level. Let's go!

Through our Motive Power programs, you gain valuable hands-on experience building, diagnosing and repairing a wide variety of cars, trucks and heavy equipment – employers will love that you have experience in multiple trades. The unique layout of our classrooms simulate the actual workplace to give you real-world practice and make it easy to transfer your skills to the shop. Pretty cool, eh? You'll also learn all of the ins and outs of the service business along the way.

If you love to shape the world around you, our programs will give you the foundation for a fulfilling future in skilled trades. Communities are built by passionate tradespeople like you and we're honoured to be working together to put the finishing touches on your career.

Gain essential carpentry skills and learn industry-standard building techniques in the Construction Carpentry Techniques program. In only eight short months you'll know how to draft estimates, survey, create layouts and read blueprints. And if you're interested in learning a skill used in almost every trade, our welding programs will have you thriving in a profession that's in high demand. Master welding various types of metal while developing blueprints for different projects.

There are so many great career options in skilled trades. We know! Don't worry if you're unsure about what area you'd like best. The Pre-Trades and Technology program will give you the chance to sample different skills and backgrounds while offering you a solid foundation in trades and technology.

If you're interested in getting the job done, you will find it here.

APPRENTICESHIPS

Do you love looking up to someone? Or love learning alongside experienced professionals in your chosen field of study?

Getting paid for the work you do is also a bonus! You'll couple your hands-on education with classroom training or online learning with us while registered as an apprentice with the Ministry of Training, Colleges and Universities.

We have an amazing variety of different apprenticeship programs below, for whatever you love! For more information, visit saultcollege.ca/apprenticeships

Automotive Service Technician	Construction and Maintenance Electrician	Industrial Electrician	Ironworker
Brick and Stone Mason	Cook	Industrial Mechanic	Parts Technician
Commercial Vehicle Common Core - Level I	Hairstylist	Millwright (in partnership with Durham College)	Plumber
	Heavy Duty Equipment Technician		Steamfitting
			Truck and Coach Technician
			Utility Arborist

Academic and Career Entrance (ACE) Certificate

Missing a course prerequisite for admission to your college program of choice? If so, our Academic Upgrading program can help you prepare for college-level and apprenticeship programs at any time during the year.

With year-round intake, flexible course delivery and self-paced learning options, upgrading meets the needs of a diverse student population. Qualified Academic Upgrading students have the opportunity to take a college course free-of-charge. Assistance with transportation also available. For more information visit saultcollege.ca/upgrading

Cooperative Education

Cooperative Education (Co-op) provides opportunities for you to learn beyond your classroom as you integrate relevant work experiences into your academic studies. Co-op also lets you further develop life and employment skills while earning money.

You can also get a better idea of the career options available to you and build your network of contacts for future employment. Many employers prefer hiring co-op grads because of the applied learning they receive. We will prepare you for your summer work term and employment upon graduation.

Dual Credit Options

Two for the price of one! It doesn't get any better than that.

You can start your career by taking college classes while still in high school. Not only do they give you a sneak peek into the college atmosphere and life, they also give you a glimpse into a career that you'll love. Plus, they count as both a high school and a college credit.

How to Apply

If you are a student in grade 11 or 12 talk to Student Services at your high school to determine your eligibility.

For more information visit saultcollege.ca/dualcredit

Dual credit programs are funded by the Government of Ontario through the School College Work Initiative.

PROGRAM AND ADMISSION REQUIREMENTS

You will need an Ontario Secondary School Diploma (OSSD) or equivalent to take a College program. We offer Academic Upgrading free-of-charge if you did not graduate from high school or do not have the requirements for the program you want to take. Mature students over 19 who do not have a high school diploma are also welcome to apply.

OCD Ontario College Diploma	OCAD Ontario College Advanced Diploma	CRED Credential Awarded
OCC Ontario College Certificate	OCGC Ontario College Graduate Certificate	SEM Semesters

*Recommended course. **Fees based on three semesters. All other fees based on two semesters in the 2019-2020 academic year and are approximate and subject to change. Visit saultcollege.ca/fees for more information. ***Tuition and ancillary fees for domestic students only. Contact international@saultcollege.ca for international student fees.

We now offer **2+2** diploma to degree program pathways with partnering universities. Complete a 2-year diploma at Sault College and move on to University to complete your degree in just two more years!

SPRING OPEN HOUSE

Saturday, April 4, 2020

Please check saultcollege.ca for the most up-to-date program information. Information shared in this document is as accurate as possible at time of printing.

- 1 Go to ontariocolleges.ca by February 1st for equal consideration. Follow the prompts to complete the process. Call us at 705.759.2554 ext 2222 for help as you are applying. We are standing by to help in any way we can. There is a non-refundable \$95 fee to apply.
- 2 Watch for communication from Sault College. Once your application is processed, you'll receive an official letter in the mail to let you know if you are accepted into your program of choice or if there is anything missing.
- 3 The most important step is going back online to ontariocolleges.ca to confirm your offer once we've accepted you into your program. Offers of admission are sent out after February 1st. We need to know you're coming so we can get things ready for you.
- 4 Lastly, you'll need to pay your fees to secure your spot. We'll let you know what else you need along the way. Congratulations! You've just made a great choice in choosing Sault. We'll see you soon!

A proud partner of Study North
